Centro Educacional 123 de Samambaia | Brasília

WORK EXPERIENCE

[05/2026 - Present] **Head of the Information Technology Advisory Office (DSTI) - Second Lieutenant**
Brazilian Air Force - Air Force Logistics Institute (ILA) | Guarulhos, Brazil
Called-up temporary military service (QOCON).
• Administration and support of Linux environments: configuration, preventive maintenance, access permissions and essential server services.
• Management of physical and logical IT infrastructure supporting higher education, specialist training and postgraduate programmes.
• Leadership of a technical team of six military personnel; task allocation and performance monitoring.
• Ensuring availability of critical services, networks and storage for classroom and distance learning.
• Coordination of information security, compliance, IT projects and oversight of technology contracts.

[09/2025 - 05/2026] **Head of the IT Section - Lieutenant**
Brazilian Air Force - General Support Command (COMGAP) | São Paulo, Brazil
Called-up temporary military service (QOCON).
• Leadership of an IT team of 13 military personnel during staff shortages; handling more than 200 support tickets per month.
• Development of the Elos de TI initiative to decentralise first-level support.
• Delivery of training on Active Directory, networks, proxy/IP, VPN, digital certificates and dashboards.
• Coordination of networks, telephony, transmission systems and videoconferencing.

[02/2025 - 08/2025] **Officer Candidate - Systems Analysis**
Brazilian Air Force - QOCON | São Paulo, Brazil
Called-up temporary military service (QOCON).
• Work in operational security, video surveillance and information security.
• Coordination of administrative routines and preparation of compliance reports.

[08/2022 - 10/2024] **IT Infrastructure and Support Analyst**
Ancar Ivanhoe - Golden Square Shopping | São Bernardo do Campo, Brazil
• Support of IT infrastructure in a high-demand shopping centre environment, ensuring stable systems for Operations, Security, Finance and Marketing.
• Analysis and resolution of infrastructure incidents, ticket prioritisation and end-user support to minimise operational impact.
• Modernisation of connectivity for shops and visitors; requirements gathering, supplier coordination and hardware procurement.
• Analytical approach to complex incidents, clear communication, teamwork and sharing technical knowledge.

[03/2022 - 08/2022] **IT Instructor**
CAMP Pinheiros | São Paulo, Brazil
• Planning and delivery of IT training for young apprentices preparing to enter the job market: computer architecture, operating systems, Office applications and spreadsheets.
• Educational support for apprentices, guidance at the start of their careers and practical instruction in troubleshooting.

[10/2020 - 11/2021] **Social Education Support Worker**
São Paulo City Government | São Paulo, Brazil
• Conflict mediation and communication in challenging situations.
• Preparation of technical reports and support for administrative processes.

EARLIER WORK EXPERIENCE

[03/2015 - 03/2017] Cavalry Soldier / Administrative Assistant in Finance - Brazilian Army | Brasília, Brazil. Compulsory military service. One year in a mounted operational battalion, with practical experience handling horses.

[05/2013 - 12/2014] Customer Service - Super Bom Supermarket | Brasília, Brazil

[03/2012 - 03/2013] Fish Counter Assistant and Sushi Preparation - Boa Cria | Goiás, Brazil

[01/2011 - 02/2012] Self-employed: construction and painting | Goiás, Brazil

[03/2010 - 01/2011] Agricultural / Farm Assistant | Goiás, Brazil
